Washington, DC 20460

Dear Mr. Sanchez:

I am writing this letter to formally request certification renewal for the following pellet wood heater:

Model Name: **Serenity**
Part Number: **12327**
Brand: **Castle**
Manufacturer Name: **Ardisam, Inc.**

I affirm that the above-stated wood heater continues to be similar in all material respects that would affect emissions to the representative wood heater submitted for testing, upon which the original certificate of compliance was based. As a result, I am formally requesting that a waiver from certification testing.

As Regulatory Compliance Manager and the responsible representative for Ardisam, I assert that the information indicated herein is true and accurate to the best of my knowledge.

Sincerely,

A handwritten signature in black ink, appearing to read 'Seth Bailey'.
